About the Bermuda Biennial

The Bermuda Biennial exhibition is a platform for the contemporary art scene in Bermuda. Started in 1994, the exhibition continues to represent the vitality and creativity of local artists. The Bermuda Biennial provides an opportunity for local artists to engage in an internationally juried process, which strives to represent the excellence of Bermuda's contemporary art. Since 1998, Bacardi Limited has generously been the Bermuda Biennial's Signature Sponsor.

The Bermuda Biennial will:

- present artwork that is well-considered and well-executed
- engage established international jurors, both independent and from prominent art institutions
- be structured around a theme
- be on exhibition in Bermuda National Gallery and, submissions dependent, the City of Hamilton
- serve as an educational resource, be a platform for programs on art, culture and dialogue
- be archived in a catalogue

Theme: A New Vocabulary: Past. Present. Future.

The theme this year, *A New Vocabulary: Past. Present. Future.*, speaks to the seismic societal shifts that have taken place since the last Bermuda Biennial. 2022 also marks the 30th anniversary of the Bermuda National Gallery and with it a celebration of 30 years of contemporary Bermuda art.

In recognition of this, we are opening applications to include poetry for the first time, along with an emphasis on public artworks. As we approach our anniversary year in reflection upon our past, our present and our future, we turn it over to you, our artists, to write a new vocabulary.
